Proposed FM Diagnostic Panels — partnership with Acumen Diagnostics

We refer functional-medicine clients for blood work on an ongoing basis. We'd like to pre-fix **three tiered FM panels** with Acumen at a partner rate, plus order specialised tests à-la-carte. The panels below use Acumen's existing test menu — assembled around functional-medicine markers (HOMA-IR, ApoB, homocysteine, hs-CRP, full thyroid antibodies) rather than a conventional screen. **Pricing requested against expected recurring monthly volume.**

Tiered FM Panels

PANEL	INCLUDES	LIST (₹)	PROPOSED CLIENT (₹)
FM Essential BASIC ~14 markers	CBC/Hb · TSH · Free T3 · Free T4 · Fasting glucose · Fasting insulin · HbA1c · HOMA-IR · Lipid Profile · hs-CRP · Ferritin · Vitamin D · Vitamin B12	9,070	3,999
FM Comprehensive ADVANCED ~22 markers	All of Essential, plus: Anti-TPO · Anti-Tg · ApoB · Homocysteine · RBC Folate · Magnesium · Uric acid · ESR	16,985	5,999
FM Total Deep-Dive PLATINUM ~30 markers · M/F variant	All of Comprehensive, plus: AM Cortisol · DHEA-S · Apolipoprotein Profile · Lp(a) · B12 Active (HoloTC) · Magnesium RBC · <i>Female:</i> Estradiol, Progesterone, AMH, SHBG · <i>Male:</i> Testosterone Profile, SHBG	29,200	8,999

List = sum of individual Acumen DOS list prices. Proposed client price ≈ 55–65% off, in line with Acumen's own consumer-panel discounts. Open to discussing the partner/net rate.

Specialised tests — ordered à-la-carte (partner rate requested)

- Vitamin D Gold (LC-MS/MS) — ₹2,650
- B12 Active / HoloTC — ₹1,550
- MMA Serum, LC-MS/MS (functional B12) — ₹3,430
- Magnesium RBC — ₹2,890
- Apolipoprotein Profile — ₹1,870
- Lipoprotein(a) — ₹1,320
- SHBG — ₹2,800
- Free Testosterone — ₹2,150
- Testosterone Profile — ₹3,640
- AMH — ₹2,400
- 17-OH Progesterone — ₹1,800
- Cortisol, Saliva — single sample — ₹2,940
- Cortisol LC-MS/MS — ₹3,500
- Full Fatty Acid Profile (GC-MS) — ₹4,000
- Zinc RBC (ICP-MS) — ₹2,330
- Iron Studies — ₹880
- HLA-B27 — ₹3,800

What we'd need from Acumen

- Partner rate** on the three panels + a flat % off the à-la-carte menu.
- Home sample collection** for our clients (we share name + panel + prep).
- Result PDFs** returned to us digitally (we upload into the client's app record).
- Confirmation of a few component prices not separately listed: fasting glucose, reverse T3, DHEA-S.
